Rev. J. M. Miller, pastor of the Christian church, closed a series of revival meetings at White Oak Sunday night. Notwithstanding the inclement weather there was a good attendance at all the services and the number of conversions was thirty-three. There were eight conversions at the closing service Sunday night.

The Vinita band will be reorganized this week under the direction of Prof. B. J. Mills. Mr. Mills is a musician of wide experience, and should be given every encouragement possible, for a good band is the best advertisement a town can possibly have. A meeting has been called for Thursday night, March 14.

"A Timely Fortune," which will be the local bill presented at the Grand, March 15th, is a well put together and pleasing popular price musical comedy. The play abounds with good lively music, pretty girls, clever principles, and is well supplied with good laughing material. The book is by Wheeler and Cushman, the two clever artists, and the music by Jerome H. Remick, which alone is a guarantee of success in any production. Introduced in a "Timely Fortune" are such song hits as, "Beautiful Doll," "Good Night," "Honey May," "Baby Rose," "When You're in Town," etc.

The Pessimist.

"Let us suppose that a man was on the lucky side of 35, that he had a beautiful wife, who loved him; that they had a healthy, perfect child; that he had a good job, and that they possessed a comfortable home. What more could any man want than that?"

"Oh, if he had all those blessings I'll bet the cook would be threatening to quit or there would be something the matter with the furnace. There's no use expecting that anybody will ever find conditions perfect in this world."

But Wouldn't Have Long.

First Physician—What is your diagnosis of the case?

Second Physician—The patient has money enough for an operation.

The HALF OF A HALF AND A HALF

The man was quite busy with pencil and pad. Sometimes he'd subtract and sometimes he'd add; he'd multiply, too, and again he'd divide. Then, scratching his head all bewildered he sighed: "I've figured it up and I've figured it down. I haven't done it, it has done me up brown. You'd think it too simple to ask of a calf— But what is the half of a half and a half?"

Again he went at it, he took it apart and put it together with all of his art; He figured, he ciphered, he totaled and proved. But still by his harrowing doubts he was moved. "Oh, what is the answer?" he muttered in rage. While crossing out all of the sums on the page. "At first it seemed just mathematical chess— But what is the half of a half and a half?"

He got into action once more with a vim— He banged if the problem was too much for him! He called up each method, recalled every rule. Applied every system he learned while in school. He thought that he had it, then muttered and said: "By gracious, I figures it out in my head. And then I forgot it. It gives me the gaff. To figure the half of a half and a half!"

He worked until bedtime, and still he worked on; He called for more pencils and paper at dawn; He cried: "Why, I figured out 'How old is Ann?' And this I can do if there's any one can!" He figured that day and he figured that night. And never was sure that he had it worked right. And he sleeplessly awoke, with a stare and a laugh: "Say, what is the half of a half and a half?"

Very Serious
It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.
